As organizações em geral quando pensam nas suas necessidades de organização e arquivo de documentação, pensam sobretudo em aspectos relacionados com a função, o espaço, a quantidade de informação, a qualidade do armazenamento... mas os padrões de exigência têm vindo a aumentar e há hoje uma nova espécie de empresas – aquelas que atribuem valor aos detalhes – neste caso também à estética, à acústica, à integração dos espaços... A pensar nestas organizações a Auraa Design desenvolveu um novo sistema de arquivo – Eleo . Uma gama extraordinariamente ampla que propõe soluções variadas e adaptadas às especificidades de todos os tipos de espaços – open space, private offices, salas de reuniões, gabinetes, áreas comuns, break-out... **Eleo by Auraa Design.**

Generalmente, cuando las empresas piensan en sus necesidades de organización y archivo de documentación, se centran, sobre todo, en aspectos relacionados con la función, el espacio, la cantidad de información, la calidad de almacenamiento, etc....Pero los patrones de exigencia han ido aumentando y, hoy en día, existe un nuevo tipo de empresas que valora más los detalles, en este caso también la estética, la acústica, la integración de los espacios... Pensando en este tipo de empresas, Auraa Design ha desarrollado un nuevo sistema de archivo – Eleo . Una colección de estética cuidada que asegura y profundiza los aspectos funcionales. Una gama extraordinariamente amplia que propone soluciones variadas y adaptadas a las especificidades de todos los tipos de espacio – open space, private offices, salas de reuniones, despachos, zonas comunes, break-out... **Eleo by Auraa Design.**

In general when companies think about their organizational needs for the filing of the documentation, they mainly think about the aspects that are related with the function, the space, the amount of information, the quality of the storage ... but demanding patterns have been increasing and presently there are different types of companies – those that look at details – in this case also regarding aesthetics, sound proofing, the division of the space

Thinking about these types of companies, Auraa Design developed a new filing system - Eleo . This is a very acute and aesthetic collection, guaranteeing functional aspects. An extraordinary wide range that proposes various solutions, which are adapted to the specificities of various types of spaces – open space, private offices, meeting rooms, common areas, break-out... **Eleo by Auraa Design.**

Les organisations, en général, quand elles pensent à ce dont elles ont besoin en termes d'organisation et d'archives de documentation, tiennent surtout compte de leur fonction, de l'espace, de la quantité d'information et la qualité du stockage... mais l'exigence augmente et aujourd'hui il existe sur le marché un nouveau genre d'entreprises – celles qui privilégient le détail – en ce cas l'esthétique, l'acoustique, et l'intégration dans l'espace... C'est en pensant à ces organisations que Auraa Design a créé un nouveau système d'archives – Eleo . Une collection d'esthétique épurée, assurant et multipliant les aspects fonctionnels. Une vaste gamme qui propose des solutions variées et adaptées aux particularités des espaces – open space, bureaux fermés, salles de réunions, cabinets, espaces communs, break-out... **Eleo by Auraa Design.**
