LOIS

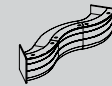

# Lois

**Modern character and dynamic form – Lois reception desk was designed to meet the requirements of a contemporary reception.**

Visually attractive combination of glass, aluminium and high gloss laminates creates an elegant, but not overwhelming whole. Modular construction allows to

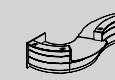

freely customize and extend the layouts. Corner desk, semi-circular, straight or an irregular shape – with Lois every configuration is possible. The overhang worktop of the low module is an indisputable advantage that is a convenience for disabled customers. Furthermore, the chosen colour can function as a complementary element of the visual identification of the company.
