LYRIC

La colección LYRIC está inspirada en el neoplasticismo holandés, como tributo a su precursor Piet Mondrian, y al concepto geométrico. Desarrollada con una modularidad sencilla y a su vez un estilo contemporáneo; aportando soluciones de colaboración en los espacios de trabajo con combinaciones creativas y originales. Creando zonas de privacidad, concentración y comunicación.

Developed with a simple modularity and at the same time a contemporary style; contributing collaborative solutions in workspaces with creative and original combinations. La collection LYRIC est inspirée dans le néoplasticisme hollandais, en hommage à son précurseur Piet Mondrian, et au concept géométrique. Elle a été développée avec une modularité simple et un style contemporain, tout en apportant des solutions collaboratives dans les espaces de travail avec des combinaisons créatives et originales, pour obtenir des zones de confidentialité, de concentration et de communication.

Источником вдохновения для создания коллекции LYRIC стал голландский неопластицизм, как дань уважения своему предшественнику Питу Мондриану и концепции геометрии. Коллекция в современном стиле, состоящая из простых модулей, способствует созданию новых решений рабочих пространств с креативными и оригинальными комбинациями, создавая зоны уединения, концентрации и общения.
